

Welcome to WideSpot Performing Arts Center as we celebrate the beginning of our tenth season! We are located on the second floor of the Spring Street Arts Building - Stockholm's original opera house - and this is where 100-year-old spirit meets modern day spunk. Our mission continues to expand performing arts, nurture artists, enrich audiences and contribute to the vitality of the community. In ten years, we've made quite an impression as the region's one-of-a-kind performance venue. We are a favorite destination for those nearby as well as for those just an hour away from the Twin Cities and Rochester, Minnesota.

Season 10 is something special with the table set for a full buffet of talent. We're serving shows you really love and shows you've never seen before. We're broadening our scope and are excited to have tradition and innovation exist side by side. There's something for everyone in the lineup. Audiences and artists alike tell us our intimate venue is absolutely the best performance space around and we affectionately refer to it as the "community living room."

Get ready for an amazing season. Today is a great day to go online and reserve your seats and find out why they really are the best seats on the **West Coast of Wisconsin!**

WideSpot is located on the second floor of the Spring Street Arts Building, at Spring Street and Wisconsin Highway 35 in downtown Stockholm, Wisconsin.
